IS PREPARING TO GIVE A RATTLESNAKE BANQUET.

Mississippl Engineer Will Serve Reptiles on Tonst to His Guests-Large Rattler in Fattening Pen.

Jackson Miss., July 21.—Capt. A. L. Dabney, of the people from Republican administrathe Calhoun County civil engineer who is | tion." preparing to give a banquet to his friends snake on tonst will be the principal delicacy, has just succeeded in capturing another monster rattler, and the success of the
feast is now assured. Captain Dahney feels
confident that he will be able to fatten the
intest acquisition, for the reptile is eating
voraciously, whereas the pair of rattlers
captured sometime ago have refused to
eat for more than two months.

Captain Dahney's new snake is one of
the largest ever captured in Mississippi.
It measures nearly 8 feet in length, is about
20 inches 'n circumference and carries

Local Report. Monday, July 21 1992.

Speaking of the trust evil, Mr. Vilas suid:
The people must aim their stroke at the root
of the poisenous tree. It is idle to complain of
mere incidents, to merely attack particular evils,
to begin lawauits against some special conspiracy.
The victory to be won, which alone is worth
winning, is the overthrow of the grand central,
governing compliancy of protection. When that
"crowning mercy" shall be vouchsafed, the very
purification of the nation's soul by the fires of
the strife will easily enable it to subdue the
lesser forms in which Satan is embadded in our lesser forms in which Satan is embodied in our Not at once can all national wrongs be re-PRECIPITATION

Not at once can all national wrongs be re-dressed, and those borne by our countrymen must challenge first relief. I fear distraction. Protec-tion is quick to profit by it. Its shrewd counsels have formented war, have set the nation in quest of military glory and find its account in the controversy over imperialism. We may justly hold protection itself responsible for these conditions; Covernment Report. Department of Agriculture, Weather Bureau, Meteorological observations received at 9t. ber how \$2.50.30 in incidental exper-could be accumulated in the construct a a fullding which was to be built enti-under contract. The biffs for these sun expenses ought to make interesting read but there is another and a more im stiant discharge in this statement of the sperintendent of construction. Among his west be schedules "Out of library appropriation \$2.00," and "out of laboratory appropriation \$2.00," and "out of laboratory appropriation.

It will cost more than the original appropriation for the school to finish it, and when it is done the people will not have the school the public expected and the Lexislature provides for.

The perversion of the school has been spoken of before, and the announcement that it is to be turned into a befrilled and bedieved educational fusitionion, with a that it is to be turned in a selfment and bedigened educational fristitution, with a let of "departments," headed by political "profession" as instructors, has aroused a storm of indignation throughout the State Republican as well as Democratic papers in the country have raised their voice against the change in the purpose of the school, and there is a widespread demand that the defenders extracts of the recognition of the recognition of the country in the case of the case of

school and there is a widespread demand that the ridiculates catalogue of the normal charter be withgraum and the course of study moderate be withgraum and the course of study moderates and a consider the charter of the charters who are interested in the country schools have discussed the advisalities of going into court to have the annua of the school fixed. The law creating it provides that it shall be deviced to the training of common-school teachers and that its studies shall be limited to those confinently taught in such considered improbable that a decree which would wipe out a lot of preferentials could be obtained from of preferentials could be obtained from almost any hard-head down-country Judge if the in the were bushed. Alm of School Perverted.

An indicaten of the feeding that exists ever this proposition is an editorial which appeared in the Republican organ of Ma-comb County, the Bystander, It is as folcomb county, the Bystander, it is as tollows:

"A copy of the catalogue of the State Normal, the fail term of which will begin September 21, has been received at this office.
It differs little from the annuals issued by
other normals of Illinois. In other words,
they contain nothing act found in this circular But it contains more. It makes
recommendate as that will come as a surprise to the people of this part of the State.

"When Governor Tanner gave his assent
to the law creating this school it was with
the understanding that the course of study
should be restricted to the branches pertuning to a common-school education. This
was also the understanding of those who
subscribed liberally in order to secure its
location in Macomb. There was a legitimate demand for such a school. It was
unique in this respect and arrested the attention of school men everywhere. It was
acknowledged, is fact, to be the only school
of its kind in the country.

"Nut the catalogue would seem to indicate
that the original idea is not to be adhered
to. The beaten paths of the other State
normals are to be bilindly followed, and the
fashionable instead of the common-sense
view of education is to be accepted. The fushionable instead of the common-ser-view of education is to be accepted. T view of education is to be accepted. The catalogue also contains tads and tringes that the people who are expected to patronize the institution will hardly approve.

"The statutes of this State provide for a system of common schools. This normal was created for the express purpose of training teachers for the common schools, and for no other purpose. It was not intended to be a college or professional school. If there is any excuse for the separate existence of State normals, maintained

rate existence of State normals, maintained at public expense, it is for the study and review of the branches taught in the com-Warrensburg, Mo., July II.—The triennial conference of the Missouri State Encerth League will convene at Pertie Surines, man here, to-morrow. LADIES! \$500 REWARD for any case of obstinate REPUBLIC SPINIAL.

Clarksville, Tenn., July 2i.—The County of Mentgomery has taken another step toward freeing the highways and ferries in the county by purchasing the only two remaining toll ferries, which will become county property August 1. The price paid was \$1.00 each. Both ferries cross the Cumberland River near this city. The county now owns four ferries over Cumberland River and one across Red River. Pathology from any came, my monthly requisite fails to relieve. Mail. Harmless, veg., safe, sure. How long suppressed. 110 reward for any other remody advantable that will relieve one into, its. Jacobs, 150, 000. Salenge. Ill. (Corporation) Pais up Capital 550,000. blaze visited Woodville early vesterday

morning, destroying a drug store and con-fectionery and four vacant buildings. The loss is estimated at \$2,000, only partially protected by insurance. The fire was caused by the explosion of a lamp. Admore, I. T., July 21.-A destructive
